Speaker: Kerwin Miller

The eXpert Company/Peterson Ag Systems

RSVP BY THURSDAY May 19, 2016

Don't forget to pay your membership dues for 2016!

May Meeting Details: Kerwin Miller, The eXpert Company/Petersen Ag Systems, will discuss current circulator sites in Nebraska including swine, beef, and dairy operations. He will talk about the eXpert Company's new aerobic lagoon conditioning technology that eliminates offensive lagoon odors and is a cost-effective way of handling manure. This presentation will present the important need in agricultural livestock production systems for this new circulator technology and any individual's concern for the environment, along with making it cost-effective to the producer/farmer.

In just five months, this former lagoon became a clean pond. Your lake, pond or lagoon could be this clean & odor free!

Looking Back: April 25, 2016 – Sean McGuire, host of America's Healthcare Challenge on News Radio 1290 KOIL and CEO of E.D. Bellis, discussed the impact of health reform. He has read the Affordable Care Act, or Obamacare bill multiple times and provided insight into the politics behind it. It was a very informative presentation and gave a lot of insight into the future of our healthcare in the United States.
